SUBJECT: Senator Kennedy's Remarks		25X1			
During O'Connor's and Sullivan's testimony to his Subcommittee on 9 May, Kennedy did not bear down as expected on AID's relationship with CIA. He said that the GAO reports give the impression that there have been improvements in AID's administration of the refugee and health programs.

Kennedy asked what arrangements are being made to resettle the Meo but in general he did not bear down on any of the sensitive issues. Senator Long made a statement (prepared by AID) which apparently focused on the more positive aspects of AID operations and arrangements with other agencies.
